MEMORANDUM FOR: Chief, Arms Control Intelligence Staff, DI
FROM: Director of Central Intelligence
SUBJECT: ACDA

1. renewed his interest today in taking the intelligence unit out of the Verification Bureau at ACDA and having it report directly to the Director. He said to do this he would need us to provide or recommend an intelligence officer who would perform this mission. What he really wants is someone who can give him interpretation, mosaics, patterns, hunches, etc.

2. Drop by sometime with your thoughts and possible nominees on this.

C
William J. Casey
